Product Description: The RapidClean 100m Roll Towel is a widely used product designed for use in areas where bulk wiping is required. By giving users an additional 20% of paper per roll (compared to the a standard 80m roll), the RapidClean 100m Roll Towel is able to ensure fewer roll changes are required. Through utilizing superior quality paper compared to most other standard roll towels on the market, RapidClean 100m Roll Towel is able to ensure that less paper is used to perform any given task, whether it be wiping down a bench or drying ones hands. Designed to fit all Roll Towel dispensers on the market.
